(Stock Code: 8271)

THIRD QUARTERLY RESULTS FOR THE NINE MONTHS ENDED 30 SEPTEMBER 2011

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement, for which the directors (the “Directors”) of Global Digital Creations Holdings Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.

NOTES:

1. BASIS OF PREPARATION

The unaudited condensed consolidated statement of comprehensive income has been prepared in accordance with the applicable disclosure requirements of Chapter 18 of the GEM Listing Rules.

2. PRINCIPAL ACCOUNTING POLICIES

The unaudited condensed consolidated statement of comprehensive income has been prepared on the historical cost basis except for certain financial instruments, which are measured at fair values, as appropriate.

The accounting policies and methods of computation used in the unaudited condensed consolidated statement of comprehensive income for the periods ended 30 September 2011 are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2010.

In the current period, the Group has applied, for the first time, a number of new or revised Standards and Interpretation ("new HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants, which are effective for the financial year beginning on 1 January 2011. The application of these new HKFRSs in the current period had no material effect on the unaudited condensed consolidated statement of comprehensive income.

For the periods ended 30 September 2011, the relevant tax rates for the Group's subsidiaries in the People's Republic of China (the "PRC", for the purpose of this announcement, does not include Hong Kong, Macau and Taiwan) ranged from 24% to 25% (Periods ended 30 September 2010: 22% to 25%).

7. DISCONTINUED OPERATIONS

On 8 July 2011, the Company, GDC Holdings Limited ("GDC Holdings"), a wholly-owned subsidiary of the Company, and CAG Digital Investment Holdings Limited (the "Purchaser"), an affiliate of The Carlyle Group, entered into a disposal agreement, pursuant to which the Purchaser has conditionally agreed to purchase 80% of the issued share capital of GDC Technology Limited ("GDC Technology"), a non-wholly owned subsidiary of GDC Holdings, and 100% of the issued share capital of GDC Digital Cinema Network Limited ("GDC DCN"), a wholly-owned subsidiary of GDC Holdings, and GDC Holdings is required to procure 80% of the issued share capital of GDC Technology to be sold (the "Disposal").

The Disposal was completed on 6 September 2011. The Group received a net consideration for the Disposal of approximately HK\$311.8 million. The Group now holds approximately 11.93% of the issued share capital of GDC Technology and does not hold any interest in GDC DCN. Accordingly, operations of digital content distribution and exhibitions division and deployment of digital cinema network division were considered as discontinued since 6 September 2011.

Details of the Disposal are set out in the announcements of the Company dated 11 July 2011 and 7 September 2011 and the circular of the Company dated 17 August 2011.

8. EARNINGS (LOSS) PER SHARE

From continuing and discontinued operations

The calculation of the basic and diluted earnings per share from continuing and discontinued operations attributable to owners of the Company is based on the following data:

	Three months ended		Nine months ended	
	30 September		30 September	
	2011	2010	2011	2010
	HK\$'000	HK\$'000	HK\$'000	HK\$'000

Effect of dilutive potential ordinary shares:				
Adjustment to the share of profit of a subsidiary based on dilution of its earnings per share	(49)	—	(195)	—
Earnings for the purposes of diluted earnings per share	<u>287,766</u>	<u>20,965</u>	<u>310,068</u>	<u>58,259</u>
	'000	'000	'000	'000

The computation of diluted earnings per share from continuing and discontinued operations for the periods ended 30 September 2011 does not assume the exercise of the share options of the Company as the exercise prices of the share options were higher than the average market price of the shares of the Company for the periods.

From continuing operations

Loss figures are calculated as follows:

	Three months ended 30 September		Nine months ended 30 September	
	2011 <i>HK\$'000</i>	2010 <i>HK\$'000</i>	2011 <i>HK\$'000</i>	2010 <i>HK\$'000</i>
Profit for the period attributable to owners of the Company	287,815	20,965	310,263	58,259
Less: profit for the period from discontinued operations	<u>(292,405)</u>	<u>(25,234)</u>	<u>(340,815)</u>	<u>(68,229)</u>
Loss for the purposes of basic and diluted loss per share from continuing operations	<u>(4,590)</u>	<u>(4,269)</u>	<u>(30,552)</u>	<u>(9,970)</u>

The denominators used are the same as those detailed above for both basic and diluted earnings per share from continuing and discontinued operations.

The computation of diluted loss per share from continuing operations for the periods ended 30 September 2011 does not assume the exercise of share options of the Company as the effect of which would decrease in loss per share from the continuing operations for the periods and as the exercise prices of the share options were higher than the average market price of the shares of the Company for the periods.

INTERIM DIVIDEND

The Board does not recommend the payment of an interim dividend for the nine months ended 30 September 2011 (Nine months ended 30 September 2010: Nil).

MANAGEMENT DISCUSSION AND ANALYSIS

Financial Overview

Revenue from continuing operations for the nine months ended 30 September 2011 was HK\$62,995,000, when comparing with that of HK\$29,350,000 for the corresponding period in the year 2010, representing a significant increase of 115%. The increase was mainly attributable to increases in revenue from contracts for CG creation and production by HK\$24,420,000 as the Group worked on more CG production projects during the period as a result of the recovery of the international animation production industry.

Cost of sales from continuing operations for the nine months ended 30 September 2011 amounted to HK\$39,480,000, when comparing with that of HK\$20,173,000 for the corresponding period in the year 2010, representing an increase of 96%. The increase was mainly due to more CG production costs incurred.

The Group recorded a gross profit from continuing operations of HK\$23,515,000 for the nine months ended 30 September 2011, when comparing with that of HK\$9,177,000 for the corresponding period in the year 2010, representing a significant increase of 156%. The Group's gross profit margin from continuing operations for the nine months ended 30 September 2011 amounted to 37% (Nine months ended 30 September 2010: 31%). The improvement in the gross profit margin was mainly attributable to the fact that the Group worked on more CG production projects with higher profit margins.

Other income and gains from continuing operations for the nine months ended 30 September 2011 amounted to HK\$3,518,000 (Nine months ended 30 September 2010: HK\$6,529,000), representing a decrease of 46%. The decrease was mainly due to decreases in government grants and interest income by HK\$2,117,000 and HK\$1,520,000, respectively.

Distribution costs and selling expenses from continuing operations for the nine months ended 30 September 2011 amounted to HK\$5,315,000 (Nine months ended 30 September 2010: HK\$3,926,000), representing an increase of 35%. The increase was mainly due to more marketing expenses spent on 珠影文化產業園 (Pearl River Film Cultural Park*) (the "Pearl River Film Cultural Park").

Administrative expenses from continuing operations for the nine months ended 30 September 2011 amounted to HK\$42,770,000 (Nine months ended 30 September 2010: HK\$22,279,000), representing an increase of 92%. The increase was mainly due to depreciation of property, plant and equipment for the period increased by HK\$10,624,000 to HK\$11,990,000 upon completion of the Group's construction of the headquarters building in Shenzhen in late 2010, and higher staff costs and office operating expenses incurred as a result of the growth in the scale of operations of the Group.

Finance costs from continuing operations for the nine months ended 30 September 2011 amounted to HK\$7,770,000 (Nine months ended 30 September 2010: Nil), which represented interest on bank borrowing for the headquarters building in Shenzhen that was not eligible for capitalisation upon completion of the construction.

Following completion of the disposal of interests in GDC Technology and GDC DCN on 6 September 2011, operations of digital content distribution and exhibitions division and deployment of digital cinema network division were considered as discontinued. The profit from the discontinued operations of HK\$387,146,000 for the nine months ended 30 September 2011 represented gain on disposal of discontinued operations of HK\$277,329,000 and profit from discontinued operations from 1 January 2011 to 6 September 2011 of HK\$109,817,000.

Overall, the Group recorded a profit attributable to owners of the Company of HK\$310,263,000 for the nine months ended 30 September 2011, when comparing with that of HK\$58,259,000 for the corresponding period in the year 2010, representing a significant increase of 433%. Excluding the profit for the period from discontinued operations, the Group recorded a loss attributable to owners of the Company from continuing operations of HK\$30,552,000 for the nine months ended 30 September 2011, when comparing with that of HK\$9,970,000 for the corresponding period in the year 2010, also representing a significant increase of 206%.

Basic and diluted earnings per share for the nine months ended 30 September 2011 amounted to HK23.95 cents (Nine months ended 30 September 2010: HK4.50 cents) and HK23.94 cents (Nine months ended 30 September 2010: HK4.50 cents), respectively, representing significant increases of 432% and 432% when comparing with that for the corresponding period in the year 2010. The Group currently has five CG production projects in progress from Australia, Europe and North America and there are several projects under negotiation as well. The Group would not only continue to deliver high quality products to customers, but also enhance its financial control and production efficiency to improve its performance.

The Group's diversification in intellectual property ("IP") investment achieves a preliminary success. At present, two 3D-animated films are nearly completed; one CG-animated television series have been completed and the Group has appointed an international distribution agent; and one traditional-animated television series have also been completed and are now being distributed both domestically and internationally. Besides, the Group would invest in one more CG-animated television series and some pre-production works have been started. In view of the growing 3D film and television market worldwide and the expanding animation industry in the PRC, the Group continues to invest in its own IP assets and plans for expansion of related businesses. The Group also plans to develop its local creation and production business in the PRC, production of a project in Shenzhen has been commenced.

CG training

For the nine months ended 30 September 2011, due to greater competition in the market, training fee from CG training division decreased by 25% to HK\$12,740,000 when comparing with that for the corresponding period in the year 2010. In order to improve the performance of the division, the Group would not only upgrade the existing training courses with the latest CG technology, but also organise more training programmes in other areas in response to market demands. The Group would also enhance its marketing efforts to expand recruitment channels, strengthen the quality of training and with a view to improve the employment rate of graduates. Besides, the Group continues to co-operate with prominent colleges in the PRC to organise "Skills and Qualifications" training programmes for their students in achieving "One Course, Multiple Certifications", and to hone their practical skills to prepare for immediate employment after graduation.

In addition to the Group's training centres in Shanghai, Shenzhen, Wuxi, Chongqing and Guangzhou, the Group plans to set up a new training centre in northern China to provide a more comprehensive geographical coverage in the PRC, with a view to stimulate and promote its training business to those areas with developed animation industry and further expand its training network.

Cultural park

During the nine months ended 30 September 2011, the construction work for the redevelopment of Phase I of the Pearl River Film Cultural Park has commenced with an aggregate construction fee of approximately HK\$92.0 million. The Group has prepared a detailed construction plan with several renowned architects, consultants and building management companies for the redevelopment of other phases of the Pearl River Film Cultural Park which has been submitted to the relevant PRC authorities for approval. The redeveloped Pearl River Film Cultural Park includes, subject to approval, a commercial complex comprising cinema, shops and restaurants, and a new multi-storey office tower.

Given the prime location of the Pearl River Film Cultural Park, the urban redevelopment policy in Guangzhou, the rapid economic growth and development of the retail and recreation market in the PRC, the Group is of the view that the whole redevelopment of the Pearl River Film Cultural Park provides a good opportunity for the Group to tap into the rapid media entertainment and property development business in the PRC.

Digital content distribution and exhibitions & Deployment of digital cinema network – discontinued operations

As a result of an increase in orders of digital cinema equipment from customers in the PRC and worldwide during the period from 1 January 2011 to 6 September 2011, segment revenue from digital content distribution and exhibitions division reported an increment of 8% to HK\$411,133,000 when comparing with that for the nine months ended 30 September 2010.

Since more exhibitors participated in the virtual print fee (“VPF”) arrangements and more digital cinema networks were deployed, segment revenue from deployment of digital cinema network division increased by 123% to HK\$9,516,000 for the period from 1 January 2011 to 6 September 2011 when comparing with that for the nine months ended 30 September 2010.

On 8 July 2011, the Group signed a disposal agreement to dispose most of its interest in digital content distribution and exhibitions division and its entire interest in deployment of digital cinema network division. The disposal was completed on 6 September 2011 and the Group received a net consideration for the disposal of HK\$311.8 million. The Group now holds 11.93% of the issued share capital of GDC Technology and does not hold any interest in GDC DCN.

The Group considered that the disposal represented a good opportunity for the Group to realise its investment in these divisions at a fair and reasonable price and enabled the Group to further strengthen its current cash flows and liquidity positions to finance the construction works of the redevelopment of various phases of the Pearl River Film Cultural Park once the detailed construction plan has been approved.
